

SILVER LEAF IN-HOME CARE

Your Life, Your Home, Your Choice.

.....

The Silver Leaf Promise

In-home care is an enormous responsibility that everyone at Silver Leaf takes very seriously. We also feel passionate about what we do and care deeply about every member of our Silver Leaf family: clients and staff.

.....

Silver Leaf is fully insured and bonded and is responsible for all caregiver payroll taxes and worker's compensation insurance.

SILVER LEAF IN-HOME CARE

Caring for an elderly or disabled loved one can be an overwhelming responsibility —

Silver Leaf is here to help.

88 Old Stage Road
Essex Junction, Vermont 05452

Telephone: 802.355.3790

Fax: 802.878.4848

Locally-owned and operated, Silver Leaf has worked closely with families since 1998.

Our approach is hands-on and personal. We assume as much or as little responsibility to ensure the best experience for our clients and their families.

“The consistent staff of caregivers make Ann feel safe and secure, and we love seeing her happily at home with people she enjoys.”

— SHARON ANGOLANO,
NIECE OF CLIENT

2-Week Assurance Policy:

Elderly and disabled adults often resist the idea of getting in-home care. Once they do get the support, they come to enjoy the experience and truly appreciate the help. That’s why Silver Leaf offers a no-commitment, 2-Week Assurance Policy. If you are not completely satisfied with our services after two weeks, there will be no further obligation.

At Silver Leaf we’re not just professional caregivers, we’re an extension of your family.

Our caregivers provide a full range of support in daily activities.

- Home-cooked meals
- Light housekeeping
- Help with bathing, showers, shaving and dressing
- Transportation to medical appointments, assistance with medications and monitoring of health issues
- Pet care
- Estate organization services

But we do so much more, providing friendship, celebrating achievements, sharing indoor and outdoor activities, and most important, providing a safe and loving environment.

SILVER  LEAF
IN-HOME CARE

*We provide flexible,
affordable care.*

Because every family's situation can be unique, we offer a range of plans.

- Several hours a day
- 24-hour care
- Ongoing basis or short periods of time while families are traveling

"We checked with other similar in-home care establishments and found your company offered the most affordable rates."

— STEVEN A. CHENEY,
SON OF CLIENT

We maintain good relationships with many local Assisted Living facilities and can provide in-home care for clients living there. For those returning home from the hospital or rehabilitation facility, our caregivers are all trained to do in-home rehabilitation.

"In my case, as an out of town family member, they kept me informed via phone, email, notes, etc. I can cite several situations when they went the 'extra mile' beyond the scope of their caregiving duties."

— CLAUDETTE BLONDIN,
DAUGHTER OF CLIENT

Silver Leaf is committed to providing invaluable support and service to our clients. Our rates are flexible depending on an individual's needs and locality.

You don't have to go through this process alone. Call us to find out how we can help and for a free consultation.

Families of elderly and disabled adults face a difficult crossroads when their loved ones experience difficulty managing their daily activities. Whether out of financial concern or a sense of obligation, some try to handle the care themselves. As those who have been there can tell you, this situation often causes enormous emotional and physical stress, a strain on personal and professional relationships, concern for safety and quality of life, and even potential legal issues.

“Trying to handle elderly health care for my parents blindsided me with many difficult situations I wasn’t prepared to handle. Doing it on your own is not the answer; be smart from the outset and get professional care. Hiring Silver Leaf proved to be the best solution to my parents’ healthcare dilemma.”

– PETER LEVINSKY
SON OF CLIENT

ALZHEIMER & DEMENTIA CARE

Your loved one’s health and well-being can be at serious risk.

- Driving when it is no longer safe
- Not eating properly
- Failing to take medication, missing doctor’s appointments
- Leaving appliances on, failing to set thermostats
- Letting strangers in or becoming victims of scams
- Wandering off
- Falling, accidents in the tub, climbing stairs and other hazards

You don’t have to go through this process alone.

Silver Leaf In-Home Care offers an ideal solution so your loved ones can stay in the comfort of their home while receiving the experienced and compassionate support of professional caregivers.

“I started Silver Leaf because I love the connection I have with my clients and their families. They are opening their lives to us and need to have the utmost trust in both my staff and me. These are wonderful relationships and I feel so fortunate to be able to work with and care for these families.”
